However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting **to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

We herewith submit Management Discussion and Analysis Report on the business of the Company for the year ended 31st March, 2025.

ECONOMY

India demonstrated robust economic resilience in FY 2024–25, underpinned by strong domestic consumption, and International pressures, a sustained infrastructure push, and proactive fiscal and monetary policies with 'Make In India' push gaining ground. Real GDP growth stood at 6.4%, driven by strong private consumption and recovery in investment activity. Key growth drivers included increased public capital expenditure, policy support for manufacturing, and steady demand for goods and services across urban and rural markets. Inflation moderated significantly, easing pressures on consumers. Looking ahead, the International Monetary Fund (IMF) has forecast India to remain the fastest-growing major economy, sustaining growth at around 6.4% in FY 2025–26. However, risks from ongoing global trade disruptions and geopolitical developments may temper the pace of growth.

INDUSTRY

The FMCG sector continues to be a key driver of growth and diversification in India. However, sectoral dynamics are shifting, while urban demand is softening, rural markets are increasingly becoming the primary growth engine. Additionally, small regional brands are gaining ground, However challenges still continue. While growing awareness, easier access, and changing lifestyles have been key growth drivers for the sector in the past, the year 2024-25 saw the sector come under pressure due to rising inflation, which squeezed consumer spending, particularly in urban India.

OUTLOOK

India has a strong economic fundamentals exploring new International markets, despite obstacles in export market, with GST reforms expected to stimulate consumption. Experts anticipate a consumption surge driven by eased tax structures and improved affordability, which will benefit food and FMCG segments in particular. Governmental support, coupled with stable macroeconomic conditions, makes the near-term outlook promising.

OPPORTUNITY

With rising disposable incomes, India's consumer market is set to become the third-largest in the world. There is always a growing demand for food processing industries and the Company expects to gain from these opportunities. Rural consumption continues to outpace urban demand, providing growth opportunities for value-oriented FMCG and food products. Tax reforms and GST rationalization are anticipated to lower prices and boost festive season spending. The rise of agile, small brands catering to niche demands is reshaping market dynamics. Seizing these opportunities, the Company is venturing into a manufacturing facility for the production of soyabean chunks and vermicelli.

THREATS, RISK & CONCERNS

On the flip side, some caution is warranted. Urban consumption remains subdued, impacting overall volumes and profitability. Global trade tensions, such as U.S. tariffs, continue to cloud export prospects, potentially restraining GDP growth. Cost pressures from inflation and volatile raw

materials persist, pressuring margins especially for price-sensitive products. Monsoon irregularities, such as early rainfalls, can disrupt seasonal demand cycles for certain FMCG categories.

SEGMENT WISE PERFORMANCE:

The Company's primary operating segment is currently the trading of all types of marketable goods. In addition, the Company is in the process of establishing a manufacturing facility to produce food products—namely soya chunks and vermicelli. Once operational, this new manufacturing segment is expected to significantly enhance our scope and drive sustainable business growth.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has in place, adequate internal control systems and procedures commensurate with the size and nature of our business.

KEY FINANCIAL RATIOS:

The financial ratios are disclosed in the notes to the financial statements.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain

audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF Shanti Guru Industries Limited (Formerly RCL Retail Limited), CHENNAI FOR THE YEAR ENDED 31ST MARCH 2025

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial reporting of Shanti Guru Industries Limited (Formerly RCL Retail Limited), Chennai ("the Company") as of March 31, 2025 in conjunction with our audit of the Ind AS Financial statements of the Company for the Year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over the Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Control over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial

controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS Financial statements, whether due to fraud or error.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management overriding of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on

- i. Existing policies and procedures adopted by the Company for ensuring orderly and efficient conduct of the business.
- ii. Continuous adherence to Company's policies.
- iii. Existing procedure in relation to safeguarding of Company's fixed assets, Investments, Receivables, loans and advances made and cash and bank balances.
- iv. Existing system to prevent and detect fraud and errors.
- v. Accuracy and completeness of Company's accounting records.
- vi. Existing capacity to prepare timely and reliable financial information.

(iv) For assets and liabilities that are recognised in the Balance sheet on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation at the end of each reporting period (i.e) based on the lowest level input that is significant to the fair value measurement as a whole.

3.18 Significant Estimates and Judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision or future periods, if the revision affects both current and future years. Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

(i) Property, Plant and Equipment, Intangible Assets and Investment Properties

The residual values and estimated useful life of PPEs, Intangible Assets and Investment Properties are assessed by technical team duly reviewed by the management at each reporting date. Wherever the management believes that the assigned useful life and residual value are appropriate, such recommendations are accepted and adopted for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

(ii) Current Taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

(iii) Contingent Liabilities

Management judgement is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(iv) Impairment of Trade receivables

The impairment for financial assets are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

(v) Impairment of Non-financial assets (PPE/Intangible Assets / Investment Properties)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

ASSESSMENT YEAR: 2025-26

(vi) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
